Hi all,

LSD CARE 9 team responded and addressed 501 E. Vernon. A total of 3 HEs and 2 IDs were addressed at this location. The following are metrics/images obtained by ECIs and RCTOs:

- 2 tons -Trash/debris
- 55lbs - Urine
- 20 lbs - Aerosols
- 40 lbs - Waste Paint
- 10 lbs - Batteries/ acid
- 30 lbs - Oil/ Absorbents

*Conditions at this location visibly improved upon completion. Team recommended a CARE + operation at this to further address health and safety conditions of the public right of way. We are coordinating with UHRC for authorization.

Good morning Gabe,

Bruce is aware and will send the care team to the location.

Ruben and Sal are coordinating with Bruce to send you the EOD report.

Hello please see email from EZ and assist with the following:

Have CD9 CARE Team respond to 501 E Vernon CD9 (AT&T).

Have a crew conduct illegal dumping collection and litter removal along the Main corridor between Washington and MLK

The Grand Ave corridor is already on the schedule for cleanup today.

Provide an EOD summary with photos detailing the work for the 3 locations.

Thanks.

Enrique,

Per our conversation, the following are locations that are of extreme importance to the Councilman:

1. 501 E. Vernon
2. Main st. Corridor between Washington and MLK Blvd.
3. Grand/Flower corridor between 45th to 55th.

Note: I have made Councilman aware you have dispatched a crew to Vernon location for tomorrow.

I have attached the most recent pictures for reference. The first pic is from Vernon and the next two are from Grand Ave.
